*Union's 2007 Dawn to Parkway Expansion project***

NGX is declaring a system constraint period (SCP) at Parkway and Parkway Transport markets on NGX, effective Gas Day May 7, 2007. The SCP is in reference to the announcement by Union Gas (Union) of potential restrictions of interruptible transportation on the Parkway interconnect, which includes the Parkway and Parkway Transport, transacted on the NGX Trading System.

Details of Union's IT restrictions can be found at;  
<https://unionline.uniongas.com/Esurf.Web/HomePage.aspx>

Please note that all transactions completed on NGX are considered to be firm, and all counterparties are expected to meet any physical delivery or receipt obligations.

The SCP is referenced in Article 5 of the NGX Contracting Parties Agreement, and states that physical failure of delivery obligations during system constraint periods will result in financial penalties by the Exchange.

The SCP will be in effect until further notice from NGX.

Please contact your NGX Marketing Representative or the NGX Operations Desk at 403-974-4357 with any questions or concerns.
